Fictional SecureBank demo policy: Banking privacy and AI safety

Not official bank policy or regulatory guidance. Version 1.0.

credentials | Banking privacy and AI safety

Never share a PIN, password, OTP or session token in chat. Enter a requested PIN only in the secure PIN form. PINs must not appear in chat history, model input or audit logs.

isolation | Banking privacy and AI safety

A customer may access only their own authorized records. Another customer ID in a prompt does not grant access. Audit logs contain trace IDs and decisions, not raw private messages.
